Portfolio | LinkedIn | Codeforces | CodeChef | GitHub   Location : Sant Kabir Nagar(272178), Uttar Pradesh, India

OBJECTIVE

I am highly skilled in front-end web development technologies including **HTML, CSS, and JavaScript**. Additionally, I am proficient in popular front-end frameworks such as **ReactJS**, as well as the **MERN stack**. My knowledge of these technologies allows me to develop dynamic and responsive web applications effectively.

University Institute Of Engineering and Technology CSJM Univerity Kanpur   Kanpur, Uttar Pradesh, India
Bachelor of Technology in Information Technology   *Nov 2020 – May 2024*

Government Inter College   Basti, Uttar Pradesh, India
Intermediate With P.C.M   *June 2020*

R.K Educational Acadamy   Sant Kabir Nagar, Uttar Pradesh, India
High School With Science, Drawing   *Apr 2018*

TECHNICAL SKILLS

Languages	:	HTML, CSS, JavaScript, C++, Tailwind, MySQL
Frameworks	:	React.js, Next.js
Libraries	:	Bootstrap, Redux
Dev Tools	:	Visual Studio Code, Git, GitHub, NPM, Vite

EXPERIENCE

Web Developer   1 July 2023 to 31 July 2023
LetsGrowMore   *Remote – Kanpur, Uttar Pradesh, India*

- Led creation of dynamic, mobile-responsive websites using **HTML, CSS, JavaScript**.
- Improved **website performance** and speed through optimization techniques by **55%.**

PROJECTS

E commerce   *React, Redux*   **Live Project**

- Developed an e-commerce website using React, Redux, and Bootstrap, integrating the Fake Store API for real-time product data simulation.
- Led UI/UX design, enhancing user experience and achieving a **30%** improvement in site responsiveness through optimized Redux state management.
- Successfully integrated the Fake Store API, enabling seamless product display, checkout processes, and user interactions.
- Strengthened React and Redux skills, gaining hands-on experience in API integration and front-end development within a collaborative team environment.

Personal Portfolio   *HTML, CSS, and JavaScript*   **Live Project**

- Created a personal portfolio website to showcase my projects and achievements.
- Designed the website using HTML, CSS, and JavaScript, ensuring responsive and user-friendly design.
- Integrated a gallery section to display project screenshots and descriptions.
- Implemented a contact form with validation for visitor inquiries.
- Deployed the website using Netlify, enhancing accessibility to potential employers and collaborators.

CERTIFICATIONS

- Certified In **Problem Solving** by the Hackerrank
- Certified In **CSS** and **SQL** by the Hackerrank
- Certified In **ReactJS** Basic to Advanced by the EdYoda
